

Boston Borough Council

Terms and Conditions of Garden Waste Service 2017/2018

1. You have agreed for Boston Borough Council (the Council) to collect your garden waste and to comply with the Council's Terms and Conditions below in respect of this service
2. The Council's Terms and Conditions are as follows:-
3. That you place appropriate garden waste into your brown bin. You should use your existing brown bin, or if you do not have a brown bin, you should purchase one from the Council at a cost of £25 for this purpose
4. You will pay the Council an amount of £30 for a first bin of garden waste collected and £15 for each additional bin. Collections will be every alternate week throughout March and November/December. If you decide to purchase the service part way through the year, the cost will still be £30 for the collection of one bin and £15 for each additional bin, with payment being due again the following March
5. If your original brown bin is damaged through your neglect or misuse or just wear and tear e.g. being overloaded or due to age, the cost of replacement will be chargeable to you at a cost of £25
6. If your bin becomes damaged by us in the collection process we will either repair it or replace it free of charge as soon as is reasonably practical. If your bin is damaged, email us to report it at: gardenwaste@boston.gov.uk or contact us on 01205 311112
7. Payment for the service is required every year in advance of the service being delivered. You will be notified of the charge/payment date. If payment is not made by the date due for any reason, we will withdraw your service
8. Your sticker may take up to 10 working days to arrive. No garden waste collections will be made until;
 - a) your payment has cleared
 - b) you have been sent a bin sticker and
 - c) your bin(s) is displaying a valid sticker at the time of your collection
9. If you move out of the Borough or stop using the service for any reason, we will not give a refund
10. If you move to another address in the Boston Borough area, you can take your brown bin(s) with you. To ensure that your collections continue you must contact us to transfer the service to your new address. We will not provide a service to your new address in any circumstances unless you notify us of your change of address. You should notify us by email at gardenwaste@boston.gov.uk or by calling 01205 311112
11. You must attach the sticker we send to you to the back of your bin(s) just below the main handles. You should clean this area thoroughly before you apply the sticker and you must ensure the sticker is fixed firmly. We will not empty any bin(s) that does not display a valid sticker or where the sticker cannot be clearly seen by crews at the time of collection
12. On your sticker within the blank space provided, you must write with a permanent marker pen, your house number or house name, street name and postcode.

13. We will empty brown bins displaying a valid sticker 20 times alternate weekly between March and November, but we do not empty brown bins during December, January and February
14. Your brown bin(s) must be only used for garden waste from your property, or from that of a neighbour's property if you are sharing one bin. Garden wastes accepted for collection include grass cuttings, hedge / tree cuttings, weeds, prunings and leaves. Wastes not accepted for collection in your brown bin(s) include food waste, animal waste, soil, household waste and bricks / rubble. Garden waste must be loose contained wholly within the bin with the lid firmly closed. We may reject bins if any of these conditions are not met
15. It is not permitted to share more than one bin between properties, e.g. to have more than one bin at a property for the purposes of sharing bins with other properties to avoid the first bin £30 registration charge. You can share only one bin with a neighbour if you both only have need of half a bin or less and have entered into a separate private agreement to share a bin and the costs of the service with a neighbour. We will regularly check our systems with crew information and in-cab technology to verify bins which are shared between property locations and we reserve the right to reject and not empty or service any additional bins which we have reason to believe are shared outside the terms and conditions
16. You should ensure your bin(s) is placed on the curtilage of your property on the night before your collection or by 05:30am on the morning of your collection. We will not return to collect a bin which is presented late for collection. All our vehicles are equipped with CCTV monitoring equipment which can be used to confirm whether or not a bin was presented in time
17. If you are registered to receive an Assisted Collection, we will collect your brown bin(s) at the agreed location on your collection day, empty your brown bin(s) and return it to the agreed location
18. You should regularly check your bin collection day; you can do this online by typing the following address directly in your web browser; bins.boston.gov.uk type in your street name or postcode to find out when your collections will be. You should do this to ensure that you present your bin(s) for collection on the appropriate day
19. We may change your collection day at any time. If we do this, we will notify you providing details of when your new collections will be
20. If we miss your bin, please report it to us on 01205 311112. We may check in-cab technology and CCTV to verify a bin has been missed. If we agree a bin was missed, we will do our best to collect it as soon as reasonably practicable
21. If the contents of your bin fail to empty fully during collection we will not return to collect any wastes which remain in the bin. Your bin will be collected if presented on your next scheduled collection
22. The transfer of service to a third party where the third party is living at a different address is not permitted. The contract is with you as the purchaser of the service
23. We will not be responsible for cleaning any bins at any time during or after collection in any circumstances
24. If you die during the period you have paid for the service, then a refund for the annual service charge will be made to your estate, or to an individual who has been granted probate. The refund will be pro-rata from the next whole month after the date of death. A refund will not be given to someone who has not satisfied the necessary legal requirements

25. For the year 01 April 2017 to 31 March 2018, customers paying for the service by Direct Debit by completing an online application during the period 06 February 2017 until 31 March 2017, having successfully answered the prize draw question, will be entered into a prize draw where the offer of a free service to the value of £30.00 will be given. This offer covers the collection of one bin free of charge. If subsequent bins are paid for, they will be charged at £15.00 per bin. Customers are required to correctly answer a simple question about the garden waste service and once payment has been received by us, you will be entered into the prize draw. The Council will randomly select 10 customers who answered the question correctly and will then make a payment to the value of £30.00
26. If you wish to make a complaint about the service, you should contact us on 01205 314200, or email feedback@boston.gov.uk or complete the online form by visiting www.boston.gov.uk/complaints
27. Your personal contact details obtained through your application will be used by Boston Borough Council to contact you should we need to obtain further information from you about your application and to notify you of the action we are taking following your application. Boston Borough Council may also use your information for other purposes such as to prevent fraud. All personal information will be processed in accordance with the Data Protection Act 1998 and you have the right to see records relating to yourself and to ask that they be amended where they are inaccurate
